

Lambretta™

UNO50

True Love Returns™

Provides the ideal blend of quality, versatility and substance.

Powerful, low-maintenance 2-stroke engine.

The UNO50 is a mid-sized scooter with high-end features not found on most 49cc scooters.

12" alloy wheels, front disc brake, adjustable rear shock and Duro performance tires provide crisp and predictable handling that inspires confidence and safety.

2-Year Limited Warranty

Available colors

The UNO50 features clear, easy to read gauges and indicator lights, including a tachometer.

The UNO50 2-stroke, 49cc motor fires on each revolution making more power than a higher displacement, heavier 4-stroke engine. Even with this power, it is 100% CARB and EPA compliant.

Front disc brake, Duro series tires and premium performance suspension provide superior safety and handling.

The UNO50 is a true mid-sized scooter offering an accommodating seat height. With room for two, and underseat storage, adventure awaits!
